

## Internship in Software Development

Are you a college student looking for a summer internship in the software industry? If so, CAPS, Inc. is the place for you!

You'll be given a real project to work on that will ship as part of one of our products. You will receive mentoring from the team at CAPS and learn about software development. We're a small company, so you'll get to experience everything that goes into software – not just code, but testing, marketing, sales, documentation, customer support, etc.

If this sounds like your kind of job, apply TODAY. The application deadline is April 15<sup>th</sup>.

### Requirements

- Excellent command of written and spoken English
- Currently enrolled in a 4 year academic institution. Preference will be given to students between their junior and senior years
- Permanent legal right to work in the United States. Because student visas are time-limited we regret that we can't consider interns on student visas
- Significant coursework in Computer Science (major not required)
- Top notch computer programming skills
- Top grades or a track record of success
