

Software Developer

CAPS, Inc. is currently seeking a talented software Developer to join our small but growing team. A person who is a good fit for this position will possess some or all of the following qualities:

1. Desire to learn new technologies
2. Ability to work both individually and in a team environment
3. Ability and willingness to be involved in all aspects of the business
4. Excellent written and spoken English
5. Experience with one or more of the following: C#, Java, VB.NET, VB 6.0
6. Experience with Database programming (Microsoft SQL Server a plus)
7. Permanent legal right to work in the United States

Bonus: Experience with Microsoft Access 2000 or later and VBA.

Job Responsibilities

On any given day Developers at CAPS wear a variety of hats. In this position you will:

1. Be an integral part of a team environment;
2. Write code;
3. Assist clients with tough technical problems;
4. Be heavily involved with weekly code reviews;
5. Test and debug code;
6. Assist with spec writing & documentation;
7. Travel occasionally (sometimes overnight) to visit with clients onsite;
8. Work with and explore new technologies;
9. Advance your skills and experience as a professional developer;

About CAPS

Established in 1996, CAPS, Inc. provides management and reporting software to over 80 investment management firms, including some of the largest in the world. Our software helps firms achieve and maintain compliance with industry-specific performance reporting standards.
